ADOPTED

BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES

57 May 10, 2011

Sachi A. Hamai
SACHI A. HAMAI
EXECUTIVE OFFICER

SET: May 24, 2011 @ 9:30 a.m.

Dear Supervisors:

COUNTY LIGHTING MAINTENANCE DISTRICTS AND COUNTY LIGHTING DISTRICT LANDSCAPING AND LIGHTING ACT-1 ANNUAL ASSESSMENT PROCEDURE - FISCAL YEAR 2011-12 (ALL SUPERVISORIAL DISTRICTS) (3 VOTES)

SUBJECT

This action is to establish the Fiscal Year 2011-12 street lighting assessment rates in the County Lighting District Landscaping and Lighting Act-1, all zones, for the unincorporated areas and 15 cities where the County of Los Angeles administers street lights pursuant to the California Streets and Highways Code.

IT IS RECOMMENDED THAT YOUR BOARD:

1. Approve and file the Engineer's Report for the proposed annual levying of assessments in County Lighting District Landscaping and Lighting Act-1 for street lighting purposes for Fiscal Year 2011-12.
2. Adopt the Resolution of Intention to Order the Levying of Assessments in County Lighting District Landscaping and Lighting Act-1 for Fiscal Year 2011-12.
3. Set the public hearing for May 24, 2011, on the proposed continuation of Fiscal Year 2010-11 levying of annual assessments in County Lighting District Landscaping and Lighting Act-1 for Fiscal Year 2011-12 in all zones and adjust the base assessment rate in the Paramount Zone in Fiscal Year 2011-12 by \$0.31 from \$17 to \$17.31 for a single-family home based on a 1.8 percent increase in the Consumer Price Index for the Los Angeles Riverside-Orange County Area for All Urban Consumers for the 12-month period ending January 31, 2011.

4. Instruct the Executive Officer of the Board of Supervisors to give notice of the public hearing by causing the Resolution of Intention to be published once in both English and Spanish language newspapers at least 10 days prior to the date of hearing scheduled for May 24, 2011, pursuant to Section 22626(a) of the California Streets and Highways Code.

AFTER THE PUBLIC HEARING, IT IS RECOMMENDED THAT YOUR BOARD:

1. If needed, authorize changes in any of the matters provided in the Engineer's Report, including changes in the improvements, any zones within County Lighting District Landscaping and Lighting Act-1, and the diagram which shows the district's boundaries or the proposed assessment as described in the Engineer's Report.
2. Determine to levy assessments in any amount not to exceed the recommended amounts.
3. Adopt the Resolution Confirming a Diagram and Assessment and Ordering of Assessments in County Lighting District Landscaping and Lighting Act-1 for Fiscal Year 2011-12, either as originally proposed or as changed by your Board. The adoption of the resolution shall constitute the levying of annual assessments in County Lighting District Landscaping and Lighting Act-1 for Fiscal Year 2011-12.
4. Find that the property tax and assessment revenues collected from benefited properties will meet operating expenses and financial reserve needs and requirements; purchase supplies, equipment, or materials; provide funds for capital improvement projects, including construction of additional street lights, and the repair and replacement of obsolete equipment with new modern equipment necessary for the proper operation of lighting facilities, in accordance with the provisions of the Improvement Act of 1911 and the Landscaping and Lighting Act of 1972; and in the amounts shown for each maintenance district and assessment zone listed in Appendix G of the Fiscal Year 2011-12 Engineer's Report.
5. Determine that it is just and equitable, and in the public interest, that the additional cost for the expenses of the installation and maintenance of additional lights be made a charge upon the existing districts as a whole in Fiscal Year 2011-12, pursuant to Section 5843.5 of the California Streets and Highways Code.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The recommended action will establish the Fiscal Year (FY) 2011-12 street lighting assessment rates in the County Lighting District Landscape and Lighting Act-1 (CLD LLA-1), all zones, established for the unincorporated area and 15 cities shown in Appendix H of the enclosed Engineer's Report where the County of Los Angeles (County) administers street lights. Since the existing street light assessments expire annually, your Board must renew the annual street lights assessments to provide supplemental funding for the operation and maintenance of street lights within CLD LLA-1.

The proposed base assessment rate adjustment for the Paramount Zone will provide modest increases in supplemental funding that is needed to offset projected increases in annual operating costs in future years due to projected increases in street light tariff rates. The proposed adjustment in the Paramount Zone is based on a 1.8 percent change in the Consumer Price Index (CPI) for the Los Angeles-Riverside-Orange County Area, as measured by the U.S. Bureau of Labor Statistics, for the 12-month period ending January 31, 2011. The provision to annually adjust the base

assessment rate by the change in CPI was approved by the property owners in the Paramount Zone by the Proposition 218 vote in 2004 and adopted by your Board on May 25, 2004.

Implementation of Strategic Plan Goals

The Countywide Strategic Plan directs the provision of Operational Effectiveness (Goal 1). Renewing the street lighting assessments will provide the funding necessary for the operation and maintenance of street lighting facilities within the County Lighting Districts (CLD). In addition, this action is consistent with Community and Municipal Services (Goal 3). Maintaining street lighting services will provide for the delivery of a customer-oriented municipal service for the convenience and safety of the motoring public, as well as for the safety and security of people and property, which improves the quality of life in the County.

FISCAL IMPACT/FINANCING

It is essential that your Board renew the annual street lighting assessments since the existing assessments expire annually and will lapse unless a positive action is taken by your Board to continue the supplemental funding of the operation and maintenance of the street lights within the CLD LLA-1. Financing for the installation, operation, and maintenance of street lights in FY 2011-12 will be derived from the continued assessment revenue collected from benefited property owners within the CLD LLA-1, All Zones, and by a portion of the property taxes that is allocated to the County Lighting Maintenance Districts (CLMD) for street lighting purposes.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

On March 29, 2011, your Board adopted a Resolution Ordering Engineer's Report for FY 2011-12 (California Streets and Highways Code Section 22622) ordering the Director of Public Works or her designee to prepare and file an Engineer's Report in accordance with California Streets and Highways Code Section 22566 et seq. and Section 4(b) of Article XIII D of the California Constitution for the levying of annual assessments in CLD LLA-1, pursuant to provisions of the Landscaping and Lighting Act of 1972 (Act) (California Streets and Highways Code Section 22500 et seq.) and Article XIII D of the California Constitution. The enclosed Engineer's Report was prepared in response to that directive.

CLD LLA-1 was formed on July 24, 1979, to provide supplemental funding for the continued operation of the street lighting systems in existing CLMDs. It was formed to have essentially the same boundaries as those CLMDs listed in Appendix A of the Engineer's Report. Each subsequent year, your Board has renewed annual street lighting assessments and a similar action is needed now to provide sufficient continued assessment revenues in order to keep street lights in the various County-administered CLDs fully operational during FY 2011-12.

The Act sets forth procedures, which must be followed for any fiscal year during which an assessment is to be levied. The Act requires the legislative body to approve and file an annual Engineer's Report and to adopt a Resolution of Intention declaring your Board's intent to levy and collect assessments in CLD LLA-1 for FY 2011-12. The Act also requires that a public hearing be held at a regular Board meeting. During the course or upon conclusion of the public hearing, your Board may order changes in any of the matters provided in the Engineer's Report, including changes in the improvements, the boundaries of any zones within the assessment district, and the proposed diagram or proposed assessment. Your Board can also close the hearing to testimony and delay your determination regarding the assessments until a later date or continue the public hearing to

receive further testimony and make your determination regarding the assessment at the close of the public hearing continuance. However, according to Section 22629 of the California Streets and Highways Code, the hearing may not be continued beyond August 10, 2011, without the prior consent of the Auditor Controller.

The Act provides for the assessment of street lighting costs against the benefited properties within CLD LLA-1 by any formula or method that fairly distributes the costs among all assessable lots or parcels in proportion to the estimated benefits to be received by each from the improvements. A method of distributing the street lighting costs on the basis of land use was approved by your Board on May 22, 1979, and amended on July 22, 1997, to include Government-owned parcels. The report showing the approved method and the assessment units to be assessed on the various types of lots or parcels is on file in the office of the Board of Supervisors and is made a part hereof by reference. This same method is used to compute the FY 2011-12 assessments.

In 2004, pursuant to the provisions of Proposition 218, property owners in the Paramount Zone voted and approved an assessment rate increase from \$5 to \$17 for a single-family residence in FY 2004-05, with a provision that in future years, the total assessment may be adjusted annually by the cost of living based on a factor calculated by using the CPI for the Los Angeles-Riverside-Orange County Area for All Urban Consumers, as developed by the U.S. Bureau of Labor Statistics. On May 25, 2004, your Board approved the assessment increase for the Paramount Zone and the provision that in future years, the total assessment may be adjusted annually by the CPI. We propose to utilize this voter- and Board-approved CPI provision and adjust the base assessment rate in the Paramount Zone from \$17 to \$17.31 for a single-family residence in FY 2011-12. The adjustment to the base assessment rate is based on a 1.8 percent increase in the CPI for a 1-year period from January 2010 to January 2011.

The California Streets and Highways Code Section 22623 provides that your Board may approve the Engineer's Report as filed or modify the Engineer's Report and approve it as modified.

ENVIRONMENTAL DOCUMENTATION

Adoption of the proposed resolutions for determining and levying the annual street light assessments for FY 2011-12 is for the purpose of meeting operating expenses and, therefore, is exempt from the California Environmental Quality Act (CEQA) pursuant to Section 15273(a) of the State CEQA Guidelines and Section 21080(b)(8) of the California Public Resources Code.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Preparing an Engineer's Report is consistent with the current services regularly conducted by the Department of Public Works. The levying of the annual assessments is required to provide for the operation and maintenance expenses incurred for the proper operation of lighting facilities.

CONCLUSION

Please return one adopted copy of this letter and the signed resolutions to the Department of Public Works, Traffic and Lighting Division. Also, please forward one adopted copy of this letter and signed resolutions to the County Assessor, Ownership Services Section (Attention Angela Gadsden) and to the Auditor-Controller, Tax Division (Attention Kelvin Aikens).

Respectfully submitted,

ENGINEER'S REPORT
FISCAL YEAR 2011-12**

On March 29, 2011, the Board of Supervisors of the County of Los Angeles designated the Director of Public Works or her designee as the Engineer and adopted a resolution ordering the Director of Public Works or her designee to prepare and file an Engineer's Report for Fiscal Year (FY) 2011-12, in accordance with Section 22566 of the California Streets and Highways Code and Section 4(b) of Article XIII D of the California Constitution, for the levying of annual assessments in All Zones within County Lighting District Landscape and Lighting Act-1 (CLD LLA-1) for street lighting purposes. The annual levying of assessments is necessary in order to provide supplemental funds for the continued operation of existing County Lighting Maintenance and Assessment Districts. This Report is prepared in response to the above directive to address All Zones within CLD LLA-1.

The County Lighting Maintenance Districts (CLMD) are established street lighting districts. Prior to the enactment of State Constitutional Amendment XIII-A in 1978, which placed a limit on the maximum amount of ad valorem tax increases on real property, the operation and maintenance of street lights within the maintenance districts were fully funded by ad valorem property taxes. The ad valorem property taxes received under the guidelines established by the State Legislature subsequent to the passing of this amendment were not sufficient to pay the cost of street lighting services within the maintenance districts.

The CLD LLA-1 was formed on July 24, 1979, to provide supplemental funding for the existing CLMDs. It was formed to be essentially co-extensive with those existing lighting maintenance districts listed in Appendix A hereof. Its boundaries include unincorporated territory plus areas within the Cities of Agoura Hills, Bell Gardens, Calabasas, Carson, Diamond Bar, La Canada Flintridge, La Mirada, La Puente, Lawndale, Lomita, Malibu, Palmdale, Paramount, Rolling Hills Estates, and Walnut. CLD LLA-1 has a separate zone for the unincorporated territory and for each City encompassing only the area within the City currently within an existing the CLMD. The designation for each zone is the name of the City within which it lies.

Lighting district maps showing a diagram of each existing zone within CLD LLA-1, and indicating the general nature, location, extent of improvements, the exterior boundaries of each zone, and lines and dimensions of each lot or parcel located therein, are on file with the Board of Supervisors of the County of Los Angeles in the Kenneth Hahn Hall of Administration, and are made a part of this report by reference.

Maps of subdivisions annexed to CLD LLA-1 pursuant to Section 22608.2 of the California Streets and Highways Code, subsequent to the formation of the CLD LLA-1, are on file in the office of the County Assessor.

New subdivisions and single-lot developments processed for annexation to the lighting districts or developed within the existing boundaries of the lighting districts, and whose operational costs were transferred from a subdivider's account to a lighting district account during FY 2010-11 are listed in Appendix B. The number and size of street lights installed and the estimated annual operating costs for each new subdivision or single-lot development, together with the zone in which the development is located, is also listed in Appendix B. Maps of the annexation and the type and location of the improvements installed by the developers of these subdivisions are shown on maps on file with the Department of Public Works (Public Works).

Information regarding additional street lights authorized for installation within the existing boundaries of the lighting districts during FY 2010-11, in response to specific requests, and in compliance with procedures set forth in the California Streets and Highways Code Section 22565 et seq., is shown in Appendix C. Maps showing the type and location of the improvements are shown on maps on file with Public Works.

Annexations of territories by petition of the property owners, together with the number and sizes of street lights as approved by the Board of Supervisors during FY 2010-11, are shown in Appendix D. Maps of the annexation and the type and location of the improvements are shown on maps on file with Public Works.

In compliance with procedures set forth in the California Streets and Highways Code Section 22565 et seq., and the California Streets and Highways Code Section 5843.5 the estimated annual energy and maintenance costs of 411 Highway Safety Lights (HSLs) transferred to CLMD 1687 and CLD LLA-1, Unincorporated Zone (County Lighting Districts), during FY 2010-11 are shown in Appendix E, Part 1. In 1992, your Board approved the transfer of the energy and maintenance costs for 1,278 HSLs to the County Lighting Districts. Subsequent to your Board's 1992 action, your Board has also approved the transfer of the energy costs for 2,511 HSLs to the County Lighting Districts; these subsequent HSLs transfers should have also included the transfer of the maintenance costs. Accordingly, Appendix E, Part 2, lists the locations of the 2,511 HSLs whose maintenance costs have been transferred to the County Lighting Districts in FY 2010-11, and includes the quantity, lamp type and lamp size (wattage), estimated annual maintenance costs, and the fiscal year they were included in the Annual Engineer's Report for the energy transfer to a CLMD account. Your Board has also previously authorized the transfer of HSL energy costs to the Diamond Bar and Paramount Zones. No transfers of HSLs were made to the Diamond Bar and Paramount Zones in FY 2010-11.

Fiscal Year 2011-12

All benefited parcels of real property located within the CLMD and Assessment Zones are identified by the 2010-11 Tax Rate Area Report and Assessor Parcel Numbers listed in Appendix F.

The diagram of each CLMD and Assessment Zone, along with the lines and dimensions of each lot or parcel of land located therein, are more particularly described in maps prepared in accordance with Section 327 of the California Revenue and Taxation Code, and are on file in the office of the County Assessor and are made a part of this report by reference.

Certain cities with County-administered lighting districts have requested certain street lighting upgrades and/or capital improvement projects be implemented within their respective zones in FY 2011-12. Funds collected pursuant to the Improvement Act of 1911 and Landscaping and Lighting Act of 1972 may be used for certain street light upgrades or capital improvements. Revenues designated for street light upgrades and/or capital improvement projects in the Unincorporated and City Zones are included in Appendix G.

Section 22573 of the California Streets and Highways Code provides for assessment of street lighting costs upon the benefited properties within CLD LLA-1. The Section states, "The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements." A method of distributing the street lighting costs on the basis of land use and land-use data compiled by the County Assessor was approved by the Board of Supervisors on May 22, 1979, and amended by the Board on July 22, 1997, to distribute costs among governmental-owned or -leased parcels in accordance with the provisions of Article XIII D of the California Constitution. The report showing the approved method and the number of usage units assigned to the various land use categories on the basis of benefits received is on file with the Executive Office of the Board of Supervisors.

The July 22, 1997, amendment currently applies to governmental-owned or leased parcels within the Calabasas, Lomita, Palmdale, and Paramount Zones, where benefited property owners within these Zones have previously approved an assessment increase pursuant to these provisions. In future years, the amount of the assessment for the Calabasas and Lomita Zones may be automatically increased based on California Public Utilities Commission approved rate increases for the Southern California Edison (SCE) street lighting charges. For the Palmdale and Paramount Zones, the amount of the assessment may be automatically adjusted annually by the cost of living based on a factor calculated by using the Consumer Price Index (CPI) for the Los Angeles-Riverside-Orange County Area for All Urban Consumers.

Engineer's Report
Fiscal Year 2011-12
Page 4

An analysis of the financial conditions of the Calabasas, Lomita, Palmdale, and Paramount Zones indicate that these lighting districts are in good financial health with the exception of the Paramount Zone. The analysis of the Paramount Zone indicates that due to raising SCE street light tariff rates coupled with decreases in annual property tax revenue, annual operating costs are projected to exceed annual revenues in FY 2012-13. To increase annual revenues in the Paramount Zone, a cost of living adjustment to the base-assessment rate is proposed for FY 2011-12. The proposed adjustment of \$0.31, based on a 1.8 percent increase to the Consumer Price Index for the Los Angeles-Riverside-Orange County Area for All Urban consumers for the 12-month period ending January 31, 2011, will increase the base-assessment rate in the Paramount Zone from \$17 to \$17.31 for a single-family residence, with proportionately higher rates for other land uses.

The estimated costs of operating CLD LLA-1, Unincorporated Zone, and the 15 City Zones located therein, during FY 2011-12 are shown in Appendix H. An evaluation of these estimated costs has been made and all such estimated costs appear to be reasonable and appropriate. Appendix H also lists the proposed assessment rate per unit for FY 2011-12 and the amount of assessment revenue estimated to be raised by the assessment for each Zone within CLD LLA-1. If the proposed assessments for FY 2011-12 are not approved, it will be necessary to reduce street lighting services to stay within the operating revenues.

BOARD OF SUPERVISORS
RESOLUTION OF INTENTION TO ORDER THE LEVYING
OF ASSESSMENTS IN
COUNTY LIGHTING DISTRICT LLA-1
FOR FISCAL YEAR 2011-12
PURSUANT TO PROVISIONS OF
LANDSCAPING AND LIGHTING ACT OF 1972
TO PROVIDE SUPPLEMENTAL FUNDS FOR OPERATION OF
EXISTING STREET LIGHTS**

WHEREAS, on July 24, 1979, the Board of Supervisors of the County of Los Angeles approved the formation of County Lighting District LLA-1, and a separate Zone therein, for each of the County Lighting Maintenance Districts serving the Unincorporated territory and the Cities of Agoura Hills, Bell Gardens, Calabasas, Carson, Diamond Bar, La Canada Flintridge, La Mirada, La Puente, Lawndale, Lomita, Malibu, Palmdale, Paramount, Rolling Hills Estates, and Walnut to provide supplemental funds for the operation of street lights; and

WHEREAS, on May 25, 2004, the Board of Supervisors approved an assessment rate increase in the Paramount Zone with a provision that in future years the assessment rate cannot be increased more than the rate of inflation without additional property owner approval. The rate of inflation is measured by the change of the Consumer Price Index for the Los Angeles-Riverside-Orange County Area for All Urban Consumers, as developed by the U.S. Bureau of Labor Statistics; and

WHEREAS, on March 29, 2011, the Board of Supervisors adopted a Resolution Ordering Engineer's Report for Fiscal Year 2011-12 for the levying of assessments for street lighting purposes for each Zone in County Lighting District LLA-1, as required by law; and

WHEREAS, on May 10, 2011 the Board of Supervisors approved and filed the Engineer's Report, showing estimated operating costs and recommended assessments for each Zone in County Lighting District LLA-1, as required by law.

NOW, THEREFORE, BE IT RESOLVED, by the Board of Supervisors of the County of Los Angeles, State of California, that:

SECTION 1. The public interest and convenience require, that it is the intention of said Board of Supervisors to order the expense necessary for the operation, maintenance, repairs, replacement, electric current, care, supervision, and all other items necessary for proper operation and maintenance of street lights located within County Lighting District LLA-1, shall be assessed upon each lot or parcel of land lying within County Lighting District LLA-1 in proportion to the estimated benefits received from the existing street lighting improvements, and which should be assessed to pay

the expense of the operation and maintenance of said improvements. The Engineer's Report on file with the Executive Officer of the Board of Supervisors describes the boundaries of County Lighting District LLA-1, and the Zones located therein, including the locations of improvements and proposed assessments on each lot or parcel of land included therein.

SECTION 2. The proposed assessments for Fiscal Year 2011-12, in all of the aforementioned Zones are proposed to remain at the same level as the Fiscal Year 2010-11 assessment amount with a proposed \$0.31 base-assessment rate adjustment from \$17 to \$17.31 for the Paramount Zone, based on a 1.8 percent change in the Consumer Price Index for the Los Angeles-Riverside-Orange County Area for All Urban Consumers, as developed by the U.S. Bureau of Labor Statistics, for the 12-month period ending January 31, 2011. Property owners are referred to their last property tax bill for their individual existing annual street lighting assessment amount. A table showing the designated usage units on the basis of benefits received for each type of property use can also be obtained by writing to or calling the County of Los Angeles Department of Public Works (see Sections 8 and 9 for address and telephone number).

SECTION 3. The amounts to be assessed for the expense of such operation and maintenance of the work or improvements above-described shall be levied and collected in the same manner and by the same officers as taxes expended for operation, maintenance, and service in all street lighting Zones in County Lighting District LLA-1, as described in the Engineer's Report and Section 1 of this resolution.

SECTION 4. The proceedings for the Levying of assessments shall be taken under and in accordance with an act of the Legislature of the State of California, known and designated as the Landscaping and Lighting Act of 1972 (California Streets and Highways Code Section 22500 et seq.).

SECTION 5. **COUNTY OF LOS ANGELES
BOARD OF SUPERVISORS
RESOLUTION CONFIRMING A DIAGRAM AND ASSESSMENT AND
ORDERING OF ASSESSMENTS
IN COUNTY LIGHTING DISTRICT LLA-1
FOR FISCAL YEAR 2011-12**

WHEREAS, the Board of Supervisors on May 10, 2011, adopted a Resolution of Intention to Order the Levying of Assessments in County Lighting District LLA-1 for Fiscal Year 2011-12, for the purpose of providing supplemental funds for the operation and maintenance of street lights for each separate Zone therein, serving the Unincorporated territory and the Cities of Agoura Hills, Bell Gardens, Calabasas, Carson, Diamond Bar, La Canada Flintridge, La Mirada, La Puente, Lawndale, Lomita, Malibu, Palmdale, Paramount, Rolling Hills Estates, and Walnut, pursuant to the provisions of the Landscaping and Lighting Act of 1972; and

WHEREAS, the Department of Public Works has prepared and filed an Engineer's Report with the Board of Supervisors as required by law; and

WHEREAS, the Board did proceed to give notice in the manner required by law of the time and place for a public hearing on the levying of the proposed assessments; and

WHEREAS, said Board has heard all testimony and evidence and is desirous of proceeding with levying of assessments.

NOW, THEREFORE, BE IT RESOLVED, by the Board of Supervisors of the County of Los Angeles:

SECTION 1. The Board of Supervisors of the County of Los Angeles hereby finds the public safety and convenience require the continued operation and maintenance of the street lighting improvements in County Lighting District LLA-1.

SECTION 2. It is just and equitable, and in the public interest for the expenses for the installation and maintenance of additional lights within County Lighting District LLA-1 be paid by the lighting districts as a whole for Fiscal Year 2011-12.

SECTION 3. The lighting districts diagrams and assessments as set forth in said report, or as modified, are hereby approved, confirmed, and adopted by this Board.

SECTION 4. The adoption of this resolution constitutes the continuance of the previous fiscal year (2010-11) levy of assessments for all of the aforementioned Zones in County Lighting District LLA-1, and a \$0.31 base assessment rate adjustment in the Paramount Zone, for the fiscal year commencing July 1, 2011, and ending June 30, 2012. The base assessment rate adjustment in the Paramount Zone

is based on a 1.8 percent change in the Consumer Price Index for the Los Angeles Riverside-Orange County Area for All Urban Consumers, as developed by the U.S. Bureau of Labor Statistics, for the 12-month period ending January 31, 2011.

SECTION 5. The amount to be assessed for the expenses of the operation, maintenance, and service, as described in said Engineer's Report and resolution, shall be levied and collected in the same manner and by the same officers as taxes for County purposes are levied and collected and shall be disbursed and expended for operation, maintenance, and service of the said lighting districts, all as described in the Engineer's Report and in Section 1 of the Resolution of Intention.

SECTION 6. The Clerk of the Board is hereby ordered and directed to file a certified copy of the lighting districts diagrams and assessments together with a certified copy of this resolution upon its adoption with the County Assessor and Auditor-Controller.

The foregoing Resolution Confirming was on the 24th day of May, 2011, adopted by the Board of Supervisors of the County of Los Angeles and ex officio the governing body of all other special assessment and taxing districts, agencies, and authorities for which said Board so acts.
